

Combined Evidence of Coverage and Disclosure Form

USING THIS BOOKLET

This booklet has been written with you in mind and is designed to help you make the most of your dental plan. It summarizes the terms and conditions of your coverage.

Individuals with special health care needs should carefully read those sections that apply to them (see **CHOICE OF DENTISTS AND PROVIDERS** section).

The "DEFINITIONS" section will explain to you any words that have special or technical meanings under your group Contract.

Keep in mind that YOU means the ENROLLEES whom Delta Dental covers. WE, US and OUR always refers to Delta Dental of California (Delta Dental). Plan Administrator refers to the County of San Bernardino's Chief of Employee Benefits and Services Division.

If you have any questions about your coverage that are not answered here, please check with Delta Dental or your Human Resources Department.

Crowns, Inlays, Onlays and Cast Restorations are Benefits on the same tooth only once every five years, while you or your Dependents are enrolled, unless Delta Dental determines that replacement is required because the restoration is unsatisfactory as a result of poor quality of care, or because the tooth involved has experienced extensive loss or changes to tooth structure or supporting tissues since the replacement of the restoration.
11. Prosthodontic appliances and implants that were provided under any Delta Dental plan will be replaced only after five years have passed, except when Delta Dental determines that there is such extensive loss of remaining teeth or change in supporting tissues that the existing fixed bridge, partial denture or complete denture cannot be made satisfactory. Replacement of a prosthodontic appliance or implant supported prosthesis not provided under a Delta Dental plan will be covered if it is unsatisfactory and cannot be made satisfactory. Implant removal is limited to one for each tooth during the Enrollee's lifetime whether provided under a Delta Dental or any other dental care plan.
12. Plan will pay the applicable percentage of the dentist's fee for a standard cast chrome or acrylic partial denture or a standard complete denture. (A "standard" complete or partial denture is defined as a removable prosthetic appliance provided to replace missing natural, permanent teeth and which is constructed using accepted and conventional procedures and materials.)
13. If you select a more expensive plan of treatment than is customarily provided, or specialized techniques, an allowance will be made for the least expensive, professionally acceptable, alternative treatment plan. Delta Dental will pay the applicable percentage of the lesser fee for the customary or standard treatment and you are responsible for the remainder of the dentist's fee.

For example: a crown where a silver filling would restore the tooth; or a precision denture where a standard denture would suffice.
14. If orthodontic treatment is begun before you become eligible for coverage, Delta Dental's payments will begin with the first payment due to the dentist following your eligibility date.
15. Delta Dental's orthodontics payments will stop when the first payment is due to the dentist following either a loss of eligibility, or if treatment is ended for any reason before it is completed.
16. X-rays and extractions that might be necessary for orthodontic treatment are not covered by Orthodontic Benefits, but may be covered under Diagnostic and Preventive or Basic Benefits.

EXCLUSIONS/SERVICES WE DO NOT COVER

Delta Dental covers a wide variety of dental care expenses, but there are some services for which we do not provide Benefits. It is important for you to know what these services are before you visit your dentist.

4. Services for restoring tooth structure lost from wear (abrasion, erosion, attrition, or abfraction), for rebuilding or maintaining chewing surfaces due to teeth out of alignment or occlusion, or for stabilizing the teeth. Examples of such treatment are equilibration and periodontal splinting.
5. Any Single Procedure, bridge, denture or other prosthodontic service that started before the Enrollee was covered by this Plan.
6. Prescribed drugs, or applied therapeutic drugs, premedication or analgesia.
7. Experimental procedures.
8. Charges by any hospital or other surgical or treatment facility and any additional fees charged by the Dentist for treatment in any such facility.
9. Anesthesia, except for general anesthesia given by a dentist for covered oral surgery procedures.
10. Grafting tissues from outside the mouth to tissues inside the mouth ("extraoral grafts").
11. Diagnosis or treatment by any method of any condition related to the temporomandibular (jaw) joints or associated muscles, nerves or tissues.
12. Replacement of existing restoration for any purpose other than active tooth decay.
13. Intravenous sedation, occlusal guards and complete occlusal adjustment.
14. Charges for replacement or repair of an orthodontic appliance paid in part or in full by this Plan.

COVERED FEES

It is to your advantage to select a dentist who is a Delta Dental PPO Dentist or a Delta Dental Dentist. A dentist who does not contract with Delta Dental may charge you any amount but the percentage Delta Dental will pay is limited to the Delta Dental PPO Dentists' fee.

Payment to a Delta Dental PPO Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged or a fee that the dentist has contractually agreed upon with Delta Dental to accept for treating enrollees.

Payment to a Delta Dental Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged, or the Delta Dental PPO Dentist's Fee or the accepted fee the dentist files with Delta Dental.

Payment to a dentist, who is not a Delta Dental Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged or the Delta Dental PPO Dentist's Fee.

CHOICE OF DENTISTS AND PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

You are free to choose any dentist for treatment, but it is to your advantage to choose a Delta Dental PPO Dentist or other Delta Dental Dentist. This is because his or her fees are approved in advance by Delta Dental. And Delta Dental PPO and Delta Dental Dentists have treatment forms on hand and will complete and submit the forms to Delta Dental free of charge. You are responsible for filing the claims if the services were provided by a non-Delta Dental dentist.

If you choose a Delta Dental PPO Dentist, you receive the advantages of going to a Delta Dental Dentist and you may have a higher level of Benefits.

If you go to a non-Delta Dental Dentist, Delta Dental cannot assure you what percentage of the charged fee may be covered. Claims for services from non-Delta Dental Dentists may be submitted to Delta Dental at the address listed on page 1.

A list of Delta Dental PPO Dentists and Delta Dental Dentists can be obtained by calling 1-800-427-3237. This list will identify those dentists who can provide care for individuals who have mobility impairments or have special health care needs. You can obtain specific information about Delta Dental PPO Dentists and Delta Dental Dentists by using our website – deltadentalins.com or calling the Delta Dental Customer Service Department at the number shown on page 1. Services may be obtained from any licensed dentist during normal office hours. Emergency services are available in most cases through an emergency telephone exchange maintained by the local dental society that is listed in the local telephone directory.

Services from dental school clinics may be provided by students of dentistry or instructors who are not licensed by the State of California.

Delta Dental shares the public and professional concern about the possible spread of HIV and other infectious diseases in the dental office. However, Delta Dental cannot ensure your dentist's use of precautions against the spread of such diseases, or compel your dentist to be tested for HIV or to disclose test results to Delta Dental, or to you. Delta Dental informs its panel dentists about the need for clinical precautions as recommended by recognized health authorities on this issue. If you should have questions about your dentist's health status or use of recommended clinical precautions, you should discuss them with your dentist.

SAVING MONEY ON YOUR DENTAL BILLS

You can keep your dental expenses down by practicing the following:

- ✓ Comparing the fees of different dentists;
- ✓ Using a Delta Dental Dentist;
- ✓ Having your dentist obtain predetermination from Delta Dental for any treatment over \$300;
- ✓ Visiting your dentist regularly for checkups;
- ✓ Following your dentist's advice about regular brushing and flossing;
- ✓ Avoiding putting off treatment until you have a major problem; and
- ✓ By learning the facts about overbilling. Under this Plan, you must pay the dentist your copayment share (see YOUR BENEFITS). You may hear of some dentists who offer to accept insurance payments as "full payment." You should know that these dentists may do so by overcharging your Plan and may do more work than you need, thereby increasing Plan costs. You can help keep your dental Benefits intact by avoiding such schemes.

YOUR FIRST APPOINTMENT

During your first appointment, be sure to give your dentist the following information:

- ✓ Your Delta Dental group number (1988);
- ✓ The employer's name (County of San Bernardino);
- ✓ Your social security number (which must also be used by Dependents);

- ✓ Your date of birth;
- ✓ Any other dental coverage you may have.

PREDETERMINATIONS

After an examination, your dentist will talk to you about treatment you may need. The cost of treatment is something you may want to consider. If the service is extensive and involves crowns or bridges, or if the service will cost more than \$300, we encourage you to ask your dentist to request a predetermination. A predetermination does not guarantee payment. It is an estimate of the amount Delta Dental will pay if you are eligible and meet all the requirements of your Plan at the time the treatment you have planned is completed.

In order to receive a predetermination, your dentist must send an Attending Dentist's Statement to us listing the proposed treatment. Delta Dental will send your dentist a Notice of Predetermination estimating how much you will have to pay. After you review the estimate with your dentist and decide to go ahead with the treatment plan, your dentist returns the statement to us for payment when treatment has been completed.

Computations are estimates only and are based on what would be payable on the date the Notice of Predetermination is issued if the patient is eligible. Payment will depend on the patient's eligibility and the remaining annual Maximum when completed services are submitted to Delta Dental.

Predetermining treatment helps prevent any misunderstanding about your financial responsibilities. If you have any concerns about the predetermination, let us know before treatment begins so your questions can be answered before you incur any charges.

REIMBURSEMENT PROVISIONS

Delta Dental will pay Delta Dental Dentists directly. Our agreement with our Delta Dental Dentists makes sure that you will not be responsible to the dentist for any money we owe. However, if for any reason we fail to pay a dentist who is not a Delta Dental Dentist, you may be liable for that portion of the cost. If you have selected a non-Delta Dental Dentist, Delta Dental will pay you. Payments made to you are not assignable (in other words, we will not grant requests to pay non-Delta Dental Dentists directly).

Delta Dental does not pay Delta Dental Dentists any incentive as an inducement to deny, reduce, limit or delay any appropriate service. If you wish to know more about the method of reimbursement to Delta Dental Dentists, you may call Delta Dental's Customer Service Department for more information.

Payment for any Single Procedure that is a covered service will only be made upon completion of that procedure. Delta Dental does not make or prorate payments for treatment in progress or incomplete procedures. The date the procedure is completed governs when a charge is made against any Maximum under your Plan.

If there is a difference between what your dentist is charging you and what Delta Dental says your portion should be, or if you are not satisfied with the dental work you have received, contact Delta Dental's Customer Service Department. Delta Dental may be able to help you resolve the situation.

Delta Dental may deny payment of any Attending Dentist's Statement for services submitted more than 12 months after the date the services were provided. If a claim is denied due to a Delta Dental Dentist's failure to make a timely submission, you shall not be liable to that dentist for the amount which would have been payable by Delta Dental (unless you failed to advise the dentist of your eligibility at the time of treatment).

The process Delta Dental uses to determine or deny payment for services are distributed to all Delta Dental Dentists. The process describes in detail the dental procedures covered as Benefits, the conditions under which coverage is provided, and the limitations and exclusions applicable to the Plan. Claims are reviewed for eligibility and are paid according to these processing policies.

Claims requiring additional review are evaluated by Delta Dental's dentist consultants. If any claims are not covered, or if limitations or exclusions apply to services you have received from a Delta Dental Dentist, you will be notified by an adjustment notice on the Notice of Payment or Action. You may contact Delta Dental's Customer Service Department for more information regarding Delta Dental's processing policies.

Delta Dental uses a method called "first-in/first-out" to begin processing your claims. The date we receive your claim determines the order in which processing begins. For example, if you receive dental services in January and February, but we receive the February claim first, processing begins on the February claim first.

Incomplete or missing data can affect the date the claim is paid. If all information necessary to complete claim processing has not been provided, payment could be delayed until any missing or incomplete data is received by Delta Dental.

Unless the services are exempt, you are required to pay the Deductible on the first claim for which processing is completed in a calendar year. Your Deductible is normally paid on the first service subject to a deductible listed on a claim with multiple services.

The order in which your claims are processed and paid by Delta Dental may also impact your annual Maximum. For example, if a claim with a later date of service is paid and your annual Maximum for the year has been reached then a claim with an earlier date of service in the same calendar year will not be paid.

IF YOU HAVE QUESTIONS ABOUT SERVICES FROM A DELTA DENTAL DENTIST

If you have questions about the services you receive from a Delta Dental Dentist, we recommend that you first discuss the matter with your dentist. If you continue to have concerns, call our Quality Assessment Department at 415-972-8300, extension 2700. If appropriate, Delta Dental can arrange for you to be examined by one of our consulting dentists in your area. If the consultant recommends the work be replaced or corrected, Delta Dental will intervene with the original dentist to either have the services replaced or corrected at no additional cost to you or obtain a refund. In the latter case, you are free to choose another dentist to receive your full Benefit.

SECOND OPINIONS

Delta Dental obtains second opinions through Regional Consultant members of its Quality Review Committee who conduct clinical examinations, prepare objective reports of dental conditions, and evaluate treatment that is proposed or has been provided.

Delta Dental will authorize such an examination prior to treatment when necessary to make a Benefits determination in response to a request for a Predetermination of treatment cost by a dentist. Delta Dental will also authorize a second opinion after treatment if an Enrollee has a complaint regarding the quality of care provided. Delta Dental will notify the Enrollee and the treating dentist when a second opinion is necessary and appropriate, and direct the Enrollee to the Regional Consultant selected by Delta Dental to perform the clinical examination. When Delta Dental authorizes a second opinion through a Regional Consultant, the Plan will pay for all charges.

Enrollees may otherwise obtain second opinions about treatment from any dentist they choose, and claims for the examination or consultant may be submitted to Delta Dental for payment. Delta Dental will pay such claims in accordance with the Benefits of the Plan.

Within 30 days of receipt of a completed claim, Delta Dental will adjudicate the claim and give you a Notice of

- a. The amount paid by the Plan,
- b. The amount applicable for the annual plan maximum,
- c. An explanation as to why a claim or a service was denied, and
- d. Instruction on the claims grievances process and timeline.

All grievances must be received by Delta Dental within 180 days of the date of the Notice of Payment.

Grievances. Contact Delta Dental at 1-800-765-6003 for assistance or if you have any questions. The following process will apply:

Customer Service. Based on the initial telephonic contact, Delta Dental will respond to an inquiry or complaint telephonically through Delta Dental's Customer Service Department. But, if you are dissatisfied with telephonic response, you can initiate a grievance by writing a response to the NOP statement or completing a Grievance/Claims Appeals Form. The letter and/or completed form should be returned to Delta Dental at:

Delta Dental of California
P. O. Box 997330
Sacramento, CA 95899-7330

Correspondence should include the group number (1988), your name and social security number, the inquirer's telephone number, a copy of the NOP and any other relevant information. If you ask and without charge, Delta Dental will give you copies of any pertinent document relevant to the claim, a copy of any internal rule, guideline, protocol and/or explanation of the scientific or clinical judgment if relied upon in denying or modifying a claim.

Grievance Procedures.

Delta Dental shall provide written acknowledgement within five (5) calendar days of receipt of the grievance. If the appeal is deficient, Delta Dental will contact you within 30 calendar days to obtain the necessary information. On receipt of necessary information, Delta Dental will investigate the claim and the basis for the appeal. This may include direct contact with you or your Dentist. You will receive written notification of the disposition of the appeal within 30 days after receipt of the complaint.

Delta Dental takes into account all information, regardless of whether the information was submitted or considered initially. Certain cases may be referred to one of Delta Dental's regional consultants, to a review committee of the dental society or to the state dental association for evaluation. Delta Dental's review is conducted by a person who is neither the individual who made the original claim denial, nor the subordinate of such individual, and Delta Dental will not give deference to the initial decision. If the review of a claim denial is based in whole or in part on a lack of medical necessity, experimental treatment, or a clinical judgment in applying the terms of the Plan, Delta Dental shall consult with a dentist who has appropriate training and experience. The identity of such dental consultant is available upon request.

Emergency Grievances.

If an appeal involves an imminent and serious threat to the patient's health or if the patient is experiencing serious pain or related symptoms, a response shall be provided to you within three (3) calendar days of receipt of the complaint.

You can also file a complaint with the Department of Managed Health Care (DMHC) after you have completed the Delta Dental's grievance procedure or after you have been involved in the grievance procedure for 30 calendar days.

You can file a complaint with the DMHC immediately in an emergency situation, which is one involving severe pain and/or imminent and serious threat to the Enrollee's Health.

The California Department of Managed Health Care (**DMHC**) is responsible for regulating Delta Dental. If you have a grievance against Delta Dental or the Plan, you should first telephone Delta Dental at **1-800-765-6003** and use Delta Dental's grievance process before contacting the DMHC. Utilizing Delta Dental's grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If help is needed with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by this health plan, or a grievance that has remained unresolved for more than 30 calendar days, you can call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If eligible for an IMR, the IMR process will provide an impartial review of medical decisions related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**1-888-HMO-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired.

The department's Internet Web site (<http://www.hmohelp.ca.gov>) has complaint forms, IMR application forms and instructions online.

An IMR has limited application to a dental program. Enrollees may request an IMR only if the dental claim concerns a life-threatening or seriously debilitating condition(s) and is denied or modified because it was deemed an experimental procedure.

Second Opinion. As part of the appeal process, Delta Dental may require a second opinion from a Network Provider or Delta Dental Dentist. Delta Dental will arrange for the second opinion without any charge to you.

Final Appeal. If Delta Dental cannot resolve an appeal to your satisfaction, you may ask request that Delta Dental forward the appeal and all relevant documentation to the Plan Administrator (Employee Benefits and Service Division). The Plan Administrator shall review Delta Dental's records and findings to assure that proper consideration was given to all pertinent facts. The Plan Administrator may elect to utilize an independent Dental Consultant to review the claim and basis for the appeal.

The Plan Administrator shall have sole responsibility to make a final determination on the appeal, which shall be binding and conclusive on Third Party Administrator, the Enrollee or any other party. Such decision shall receive judicial deference.

**Grievance
Time Line.**

The following time frames apply to the grievance process:

You must initiate an appeal within one hundred & eighty days (180) of the date shown on the relevant Notice of Payment (NOP).

Delta Dental must acknowledge the grievance within five (5) days of its receipt.

Delta Dental will notify you of the outcome of the appeal within thirty (30) days of receipt of a complaint or grievance, unless unusual circumstances require an extension of time. In such case, you will be told of the special circumstances requiring the extension and the date by which a decision can be expected.

The Plan Administrator shall act on all final grievances within sixty (60) days of notification.

RIGHT TO RECEIVE AND RELEASE INFORMATION

Upon enrollment in the Plan, participant agrees and authorizes Plan Administrator or Delta Dental without further consent of or notice to Enrollee to release or obtain from any dentist, other dental health care provider, insurance company, health maintenance organization or other health care provider, insurance company, health maintenance organization or other person or entity any information the Plan deems necessary to determine eligibility and to process benefit claims. By enrolling in the Plan, participant agrees to cooperate with the Plan and its Administrators in administering Plan Benefits. Whenever payments which should have been made by this Plan have been made by any other plan, participant agrees that this Plan shall have the right to reimburse the other plan the amount this Plan determines shall satisfy the coordination of benefits provision. Whenever this Plan pays out more than necessary, Enrollee agrees that the Plan shall have the right to recover the excess payment from any person to whom such payments were made, or any insurance company or other organization.

IF YOU HAVE ADDITIONAL COVERAGE

It is to your advantage to let your dentist and Delta Dental know if you have dental coverage in addition to this Plan. Most dental carriers cooperate with one another to avoid duplicate payments, but still allow you to make use of both dental plans - sometimes paying 100% of your dental bill. For example, you might have some fillings that cost \$100. If the primary carrier usually pays 80% for these services, it would pay \$80. The secondary carrier might usually pay 50% for this service. In this case, since payment is not to exceed the entire fee charged, the secondary carrier pays the remaining \$20 only. Since this method pays 100% of the bill, you have no out-of-pocket expense.

Be sure to advise your dentist of all dental plans under which you have dental coverage and have him or her complete the dual coverage portion of the Attending Dentist's Statement, so that you will receive all benefits to which you are entitled. For further information, contact the Delta Dental Customer Service Department at the number in the USING THIS BOOKLET section.

OPTIONAL CONTINUATION OF COVERAGE (COBRA)

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) requires that continued health care coverage be made available to "Qualified Beneficiaries" who lose health care coverage under the group plan as a result of a "Qualifying Event." You or your Dependents may be entitled to continue coverage under this Plan, at the Qualified Beneficiary's expense, if certain conditions are met. The period of continued coverage depends on the Qualifying Event.

DEFINITIONS

The meaning of key terms used in this section are shown below.

Qualified Beneficiary means:

1. you and/or your Dependents who are enrolled in the Delta Dental plan on the day before the Qualifying Event, or
2. a child who is born to or placed for adoption with you during the period of continued coverage, provided such child is enrolled within 30 days of birth or placement for adoption.

Qualifying Event means any of the following events which, except for the election of this continued coverage, would result in a loss of coverage under the dental plan:

- Event 1. the termination of employment (other than termination for gross misconduct), or the reduction in work hours, by your employer;
- Event 2. your death;
- Event 3. your divorce from your Spouse;
- Event 4. your Dependents' loss of dependent status under the plan, and
- Event 5. as to your Dependents only, your entitlement to Medicare.

You means the Primary Enrollee.

PERIODS OF CONTINUED COVERAGE

Qualified Beneficiaries may continue coverage for 18 months following the month in which Qualifying Event 1 occurs.

This 18 month period can be extended for a total of 29 months, provided:

1. a determination is made under Title II or Title XVI of the Social Security Act that an individual is disabled on the date of the Qualifying Event or becomes disabled at any time during the first 60 days of continued coverage; and
2. notice of the determination is given to the employer during the initial 18 months of continued coverage and within 60 days of the date of the determination.

This period of coverage will end on the first day of the month that begins more than 30 days after the date of the final determination that the disabled individual is no longer disabled. You must notify the employer within 30 days of any such determination.

If, during the 18 months continuation period resulting from Qualifying Event 1, your Dependents, who are Qualified Beneficiaries, experience Qualifying Events 2, 3, 4, or 5, they may choose to extend coverage for up to a total of 36 months (inclusive of the period continued under Qualifying Event 1).

Your Dependents, who are Qualified Beneficiaries, may continue coverage for 36 months following the occurrence of Qualifying Events 2, 3, 4 or 5.

When an employer has filed for bankruptcy under Title II, United States Code, benefits may be substantially reduced or eliminated for retired employees and their Dependents, or the surviving Spouse of a deceased retired employee. If this benefit reduction or elimination occurs within one year before or one year after the filing, it is considered a Qualifying Event. If you are the retiree, and you have lost coverage because of this Qualifying Event, you may choose to continue coverage until your death. Your Dependents who have lost coverage because of this Qualifying Event may choose to continue coverage for up to 36 months following your death.

ELECTION OF CONTINUED COVERAGE

Your employer will provide a Qualified Beneficiary with the necessary benefits information, monthly Dues charge, enrollment forms, and instructions to allow election of continued coverage.

A Qualified Beneficiary will then have 60 days to give the employer written notice of the election to continue coverage. Failure to provide this written notice of election to the employer within 60 days will result in the loss of the right to continue coverage.

A Qualified Beneficiary has 45 days from the written election of continued coverage to pay the initial Dues to the employer, which includes the Dues for each month since the loss of coverage. Failure to pay the required Dues within the 45 days will result in the loss of the right to continue coverage, any Dues received after that will be returned to the Qualified Beneficiary.

CONTINUED COVERAGE BENEFITS

The Benefits under the continued coverage will be the same as those provided to active employees and their Dependents who are still enrolled in the dental plan. If the employer changes the coverage for active employees, the continued coverage will change as well. Dues will be adjusted to reflect the changes made.

TERMINATION OF CONTINUED COVERAGE

A Qualified Beneficiary's coverage will terminate at the end of the month in which any of the following events first occurs:

1. the allowable number of consecutive months of continued coverage is reached;
2. failure to pay the required Dues in a timely manner;
3. the employer ceases to provide any group dental plan to its employees;
4. the individual first obtains coverage for dental Benefits, after the date of the election of continued coverage, under another group health plan (as an employee or Dependent) which does not contain or apply any exclusion or limitation with respect to any pre-existing condition of such a person, if that pre-existing condition is covered under this Plan; or
5. entitlement to Medicare.

Once continued coverage ends, it cannot be reinstated.

Your Rights Regarding PHI

You have the right to request an inspection of and obtain a copy of your PHI. You may access your PHI by contacting the appropriate Delta Dental office. You must include (1) your name, address, telephone number and identification number and (2) the PHI you are requesting. Delta Dental may charge a reasonable fee for providing you copies of your PHI. Delta Dental will only maintain that PHI that we obtain or utilize in providing your health care benefits. Most PHI, such as treatment records or X-rays, is returned by Delta Dental to the dentist after we have completed our review of that information. You may need to contact your health care provider to obtain PHI that Delta Dental does not possess.

You may not inspect or copy PHI compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, or PHI that is otherwise not subject to disclosure under federal or state law. In some circumstances, you may have a right to have this decision reviewed. Please contact the privacy office as noted below if you have questions about access to your PHI.

You have the right to request a restriction of your PHI. You have the right to ask that we limit how we use and disclose your PHI. We will consider your request but are not legally required to accept it. If we accept your request, we will put any limits in writing and abide by them except in emergency situations. You may not limit the uses and disclosures that we are legally required or allowed to make.

You have the right to correct or update your PHI. This means that you may request an amendment of PHI about you for as long as we maintain this information. In certain cases we may deny your request for an amendment. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal. If your PHI was sent to us by another, we may refer you to that person to amend your PHI. For example, we may refer you to your dentist to amend your treatment chart or to your employer, if applicable, to amend your enrollment information. Please contact the privacy office as noted below if you have questions about amending your PHI.

You have the right to request or receive confidential communications from us by alternative means or at a different address. We will agree to a reasonable request if you tell us that disclosure of your PHI could endanger you. You may be required to provide us with a statement of possible danger, a different address, another method of contact or information as to how payment will be handled. Please make this request in writing to the privacy office as noted below.

You have the right to receive an accounting of certain disclosures we have made, if any, of your PHI. This right does not apply to disclosures for purposes of treatment, payment, or health care operations or for information we disclosed after we received a valid authorization from you. Additionally, we do not need to account for disclosures made to you, to family members or friends involved in your care, or for notification purposes. We do not need to account for disclosures made for national security reasons or certain law enforcement purposes, disclosures made as part of a limited data set, incidental disclosures, or disclosures made prior to April 14, 2003. Please contact the privacy office as noted below if you would like to receive an accounting of disclosures or if you have questions about this right.
