

THE “PROTECT YOUR HOME” PLEDGE FORM

PLEDGE: As a responsible member of my community, I hereby pledge to do what I can to not pollute the waterways for me, my family, and my neighbors to keep my community safe and my local waterways clean.

The Mojave River Watershed Group thanks you for your pledge to help keep our waterways clean. Litter, pesticides, and fertilizers can wash into stormdrains and flow untreated directly into our local waterways. The bacteria and risk of disease threatens the health of our community. Follow these easy steps to be a responsible member of our community:

- 1: Pick up after your pet
- 2: Sweep lawn clippings and trash
- 3: Don't litter...and make sure you recycle
- 4: Organize a clean-up event with friends and family

Looking for other ways to get involved? Visit us online and/or send a photo of how you help protect our watershed!
